

E-STATEMENTS ARE SECURE, SIMPLE & ACCESSIBLE

SO FORGET THE MAILBOX AND LOOK IN YOUR INBOX

E-Statements look just like the statements that are mailed but you can retrieve them through our secure encrypted website within 2 business days from month end. We always send a notification when they are available. You can then view or download them to your personal computer or print them as needed. E-Statements are available online for 18 months starting the month after you sign up and are accessible to you whenever you need them. By signing up for E-Statements, you reduce your risk of identity theft as they are password protected. Also your e1099s are accessible through the same secure website.

E-Statements are environmentally friendly which means no trees are used to produce them.

The biggest advantage for E-Statements is the higher dividends you earn for your checking account.

To sign up, log into Shadow 1 (Home Banking), click on the Accounts tab and scroll down to E-Statements to register. For additional information, please call 732-594-3317.

BE SURE TO SIGN UP TODAY!
